SCHEPPACH HD2p 3 "APPS" IN 1

- ✓ **Extractor** (power tools)
- ✓ **Vacuum cleaner** (household)
- ✓ **Inflator** (multi-purpose)

- Powerful 1200 Watt motor.
- Extraction and inflating accessories included.
- Dust free extraction – ideal for most power tools.
- Air pump for inflating.
- Compact and portable.
- Ideal for professional and domestic use.
- No loose pieces. Everything stores away neatly.

Kiddies been snacking whilst in the car? Easily remedied with the schepbach HD2p.

Compact! Everything neatly stored when not in use. Extraction dust bag sits discreetly inside the right hand container so the inside compartment never gets “contaminated.” Note how the hose stores neatly in the lid.

Especially useful in the home and when drilling materials where the dust is a health risk. Note how the drilling adaptor clings firmly to the wall by means of the vacuum leaving both hands free. Convenient and safe and dust free.

Having unexpected visitors? The schepbach HD2p will inflate that airbed in minutes. Also ideal for all inflatable items such as kiddies summer paddling pool etc.

Fastidious when finished in the workshop? The schepbach HD2p will be your favourite environmental friend.
